**MINNESOTA SURVEYORS AND ENGINEERS SOCIETY
SCHOLARSHIP APPLICATION FORM
North Dakota State University
2017-18 Civil Engineering Scholarship**

This is also available on-line at <http://www.mses.org>. NOTE: Tab between fields – your type will be blue – the scholarship & essay fields are multi-line – you should be able to save it – print & sign.

Do you qualify?

The Minnesota Surveyors and Engineers Society (MSES) provides up to **\$2,000** scholarships to students who are **Minnesota** residents and who will be juniors or seniors in Civil Engineering in the next academic year. Applicants are expected to have a career interest in transportation. Job examples might include working for:

- governmental agencies (DOT's, counties, cities, etc.),
- private engineering firms providing transportation related services (consultants),
- materials suppliers for the transportation industry,
- working for contractors or construction companies who build transportation facilities, etc.

Your work could be in any of the broad-based specialty areas that support transportation like:

- geotechnical engineering
- structural engineering
- roadway design
- water resources/hydraulics
- environmental engineering
- IUS (Intelligent Urban Systems)
- transportation planning
- pavement design
- other related fields

The MSES Scholarship Committee interviews students each spring and awards scholarships for the following school year. Awards are made for the full school year, funds are paid out in August for the year. To remain eligible for the funds during the year, the student must maintain an academic load of at least 12 credits per semester. Previous recipients are eligible. The Scholarship Committee takes into consideration the following items in making its decisions:

- Interest in the transportation field
- Financial need
- Academic performance (also considering things like credit load, is the person working?, etc.)

Please note that you must be considered a Minnesota Resident by your school to be eligible.

Please complete this application and submit it to the Civil Engineering Office by **extended deadline Mon., Mar. 6.** Interviews are scheduled through Milka Singha on **Wed., March 8.** Application is available at www.mses.org. When you drop off your completed application form, a sign-up sheet will be available through Milka for you to schedule an appointment for your interview. Interviews are quite informal and only take about 20 minutes.

ACADEMIC STATUS

I plan to be in school (taking 12 credits or more) during each of the following semesters in the coming school year - check (left click) all that apply:

Fall Semester Spring Semester

Expected Graduation Date: Month _____ Year _____ Degree _____

Current GPA: _____

Transferred From Another School? Yes

Name of Other School? _____

Month/Year of Transfer? _____ Credits Transferred _____ GPA at Other school _____

COLLEGE FINANCES – How are you funding your education:

Scholarships / Loans / Parents _____

Present Employer _____

Hours per Week _____

Previous Employer _____

Hours per Week _____

ENGINEERING INTERESTS

How did you become interested in civil engineering? _____

What part of civil engineering interests you most? _____

What type of job do you think you want following graduation? _____

OTHER INTERESTS / ACTIVITIES

What organizations do you belong to? _____

How active are you in them? _____

What are some of your other outside interests? _____

HOW DID YOU FIND OUT ABOUT THIS SCHOLARSHIP? (multiple answers accepted)

___ Professor ___ Department news ___ MSES member _____ Name(s)

PERSONAL STATEMENT

MSES considers its scholarships to be investments in the future of transportation in Minnesota. Write a short paragraph explaining why you believe MSES should make such an investment in you.
